Rate Information:

The Dividend Rate and Annual Percentage Yield on your accounts are set forth above. The Dividend Rate and Annual Percentage Yield may change monthly as determined by the Board of Directors.

Nature of Dividends:

Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period. The dividend rate and annual percentage yield are the prospective rates and yields the credit union anticipates paying for the applicable dividend period.

Compounding and Crediting:

Dividends will be compounded and credited monthly. The dividend Period for all accounts is monthly beginning on the first calendar day of the month and ending on the last calendar day of the month.

Daily Balance Computation Method

Dividends are calculated by the daily balance method which applies a daily periodic rate to the balance in the account each day.

Accrual of Dividends on Non-cash Deposits

Dividends will begin to accrue on the business day you place non-cash items (for example, checks) in your account.

Balance Information:

The minimum balance required to open each account is set forth above. The minimum monthly balance required to maintain the account is set forth above. If you close your account before dividends are paid, you will not receive the accrued dividends.

Credit Union membership is required for any credit union accounts. Minimum balance of \$25.00 in prime shares required for membership.
